

## Attendee Chat - an exciting feature of the Lincoln Business Expo!

- Using the attendee profile you created at log in, you'll be able to connect with other attendees in real time. Start by selecting Attendee Chat on the feature menu left of the screen (circled in red).

- Once you select Attendee Chat, you will see all show attendees. Connect with them by selecting a name. Attendees are alphabetized by last name. Once selected, you can ADD an attendee to your connections. All your connections and messages can be found on the left side of your screen (circled in red).

- Start the conversation! Once you've made FIVE connections, message the Chamber Rep in the Attendee Chat to receive your CODE for the show's game feature – Let's Play a Game!
