Searching for Jobs on Google

Did you know that Google has a job search function? Enter "jobs lincoln ne" into Google and click on the Jobs tab on the top of the search results (it is usually purple). Google updates the jobs constantly and has a great diversity of jobs. It seems to pull in service/food jobs better than other services. Check out a couple of the results below. I usually check this out a few times a week for new jobs to share!

State of Nebraska Temporary AND permanent Positions Available

- [Youth Security Specialist position](#)
- Permanent and temporary positions available. Join the meeting to learn more!
- Looking to gain experience? Are you in between jobs? SOS may be the answer!
- The SOS Temporary Program is an on-call service for State agencies and commissions. SOS continually recruits applicants to fill a variety of temporary clerical, vocational and professional positions for the State of Nebraska in the Lincoln and Omaha area.

- Temporary assistance is necessary for a variety of reasons: to fill in for permanent employees who are on leave, to work in grant-funded positions or on special projects, to fill in for short-term increases in workload, or during interim periods while advertising to fill a permanent position. Salary is based on classification. As demand for specific skills fluctuates, note that not all applicants will be called for an interview.
- SOS is not a temp-to-hire service, the State of Nebraska has an open, competitive process for all open positions. However, the experience you gain working through SOS helps you stand out among the competition.
